Alamannia runica-Marcello Meli 1988

Il codice segreto dei Templari-Tim Wallace-Murphy 2013-05-16 Il messaggio nascosto nelle grandi opere architettoniche dell'ordine, dalle cattedrali di Chartres, Reims e Amiens, alla cappella di Rosslyn e a Rennes-Le-Château La vera storia del simbolismo nascosto nell'arte rinascimentale è assai più affascinante di qualsiasi romanzo. Queste pagine, attraverso la decifrazione dei messaggi segreti celati in grandi opere architettoniche - come le magnifiche cattedrali di Chartres, Reims e Amiens, la misteriosa cappella di Rosslyn in Scozia, l'enigmatico villaggio di Rennes-le-Château - portano alla luce una storia fatta di complotti e intrighi, di poteri corrotti e di valorosi eroismi, di disinformazione, tradimento e cavalleria: una storia "altra" che la Chiesa dell'epoca ha provato in tutti i modi a tenere nascosta. I segreti celati nel simbolismo delle opere d'arte rappresentarono l'unico modo, geniale e prudente, per preservare la verità che letterati, artisti e intellettuali intendevano comunicare alle generazioni future - cioè a noi. Una volta interpretati i simboli si può dunque accedere alle loro conoscenze e alle loro scoperte, ritenute un tempo pericolose eresie. Perché i massoni e i Templari sono stati perseguitati dalla Chiesa? Forse perché erano votati a conservare la memoria di verità sgradite? È ancora possibile decifrare i loro messaggi nascosti? In principio • Nascita e sviluppo del simbolismo sacro • L'eredità dell'antica gnosi egizia La Bibbia, origini egizie del giudaismo e due discordanti opinioni su Gesù • La Bibbia e gli israeliti • Due diverse ipotesi sulla vita e sul ministero di Gesù Il cristianesimo dei primordi e lo sviluppo del suo simbolismo • San Paolo, la storia della Chiesa delle origini e la nascita del simbolismo cristiano • Il consolidamento dell'Europa cristiana e la nascita del simbolismo della Chiesa • Le meraviglie del Gotico La corrente sotterranea risale in superficie • La geometria sacra e la "langue verte" • Le correnti segrete in seno alla Chiesa • L'aspetto esteriore della cattedrale di Chartres • Il mistico interno della cattedrale di Chartres • La venerazione della Madonna Nera • Il Graal, i Trionfi dei Tarocchi e l'annientamento dei Templari • Il simbolismo mistico della Cappella di Rosslyn • Il flusso mai interrotto della corrente iniziatica • Simbolismo eretico nei dipinti rinascimentali • La controversa fratellanza dei massoni Tim Wallace-Murphy è nato in Irlanda e ha studiato medicina

allo University College di Dublino. La Newton Compton ha pubblicato Il codice segreto dei templari, *Sulle tracce del Santo Graal*, scritto in collaborazione con Marilyn Hopkins, *Il codice segreto del Graal*, con Marilyn Hopkins e Graham Simmans, e *Il potere occulto della lancia del destino*, con Trevor Ravenscroft.

The Book of Disquiet-Fernando Pessoa 2010 A prize-winning international classic, first published in English in 1993, now with a new foreword by William Boyd.

Journey Toward the Cradle of Mankind-Guido Gozzano 1996 The author recounts his experiences traveling in India, and shares his impressions of the land, its people, and culture

Atti e memorie-Accademia patavina di scienze, lettere ed arti 1942

The Complete Prophecies of Nostradamus-Nostradamus 2013-01-03 Here are the complete prophecies of Nostradamus. Nostradamus is the best known and most accurate mystic and seer of all times. There are those who say that he predicted Napoleon and even the attack on the World Trade Center. Read the prophecies and judge for yourself.

The Secret of the Runes-Guido von List 1988-07-01 The runes are said to have "revealed themselves" to von List, uncovering a complete cosmology and esoteric understanding of the primeval Teutonic/Aryan peoples, and becoming the cornerstone of his ideology. No other work so clearly and simply sets forth the full spectrum of von List's fantastic vision of a mystical philosophy based on Germanic principles.

Opere-Vincenzo Padula 2001

Shambhala-Nicholas Roerich 2003 Record of legends and parables of Central Asia and Tibet.

Dracula, My Love LP-Syrie James 2010-07-20 Acclaimed author Syrie James approaches Bram Stoker's classic *Dracula* with a breathtaking new perspective—as, for the first time, Mina Harker records the shocking story of her scandalous seduction and sexual rebirth. Who is this magnetic, fascinating man? And how could one woman fall so completely under his spell? Mina Harker is torn between two men. Struggling to hang on to the deep, pure love she's found within her marriage to her husband, Jonathan, she is inexorably drawn into a secret, passionate affair with a charismatic but dangerous lover. This haunted and haunting creature has awakened feelings and desires within her that she has never before known, which remake her as a woman. Although everyone she knows fears him and is pledged to destroy him, Mina sees a side to him that the others cannot: a tender, romantic side; a man who's taken full advantage of his gift of immortality to expand his mind and talents; a man who is deeply in love, and who may not be evil after all. Yet to surrender is surely madness, for to be with him could end her life. It may cost Mina all she holds dear, but to make her choice she must learn everything she can about the remarkable origins and sensuous powers of this man, this exquisite monster, this . . .

Dracula!

Posthumanism in Italian Literature and Film-Enrica Maria Ferrara 2020-08-10 As humans re-negotiate their boundaries with the nonhuman world of animals, inanimate entities and technological artefacts, new identities are formed and a new epistemological and ethical approach to reality is needed. Through twelve thought-provoking, scholarly essays, this volume analyzes works by a range of modern and contemporary Italian authors, from Giacomo Leopardi to Elena Ferrante, who have captured the shift from anthropocentrism and postmodernism to posthumanism. Indeed, this is the first academic volume investigating narrative configurations of posthuman identity in Italian literature and film.

Inspector Cataldo's Criminal Summer-Luigi Guicciardi 2010 In a quiet holiday town in the Italian Apennines, during a torrid summer, a string of gruesome deaths stirs up trouble in the local community. A suspected suicide which Inspector Cataldo is called in to investigate brings to the surface shady events belonging to the past, and a mysterious foreigner shakes up the delicate social balance of a group of friends who have a lot to hide.

Runes-Catherine J. Duane 1997 While interest in runes continues to grow, this book illuminates the mystery of the runes in clear and straightforward language and offers meaning for each of the runes, indicating how to use them and apply their wisdom to the modern world. Full-color illustrations.

The Templars and the Shroud of Christ-Barbara Frale 2015-10-13 The most powerful military religious order of the Middle Ages and their sacred treasure. For a certain period in history, the Knights Templar—the most powerful military religious order of the Middle Ages—secretly guarded the Shroud of Turin. Worshipped in a relentlessly secret manner, and known in its intimate nature by only a handful of the order's officials, the swathe of fabric was kept in the central treasury of the Knights Templar, who were known for their expertise in the field of relics. The precious cloth's history and whereabouts were known only to the highest dignitaries of the secretive order. In an era of widespread doctrinal confusion in much of the Church, the Templars considered the Shroud to be a powerful antidote against the proliferation of heresies. Easy to read and thoroughly researched, this book tracks the Templars from their inception as warrior-monks protecting religious pilgrims to the later fascination with their secret rituals and incredible wealth, which ultimately led to their dissolution and the seizing of their assets. Following the Shroud's pathway through the Middle Ages, Vatican historian Barbara Frale has gone back in time, to the dawn of the Christian era, to provide a new perspective on the controversial relic. The author also includes several photos of the Shroud itself that reveal in startling detail a human face, mysterious writing, and marks of a crucifixion that many have claimed identify it as the true burial shroud of Jesus of Nazareth.

HPB-S. L. Cranston 1993 A biography of the woman who first brought Eastern philosophy and religion to the Western world describes Blavatsky's role as cofounder of the Theosophical Society and discusses her book, *The Secret Doctrine*.

Archaeology of the Unconscious-Alessandra Aloisi 2019-07-01 In reconstructing the birth and development of the notion of 'unconscious', historians of ideas have heavily relied on the Freudian concept of Unbewusstes, retroactively projecting the psychoanalytic unconscious over a constellation of diverse cultural experiences taking place in the eighteenth and nineteenth centuries between France and Germany. *Archaeology of the Unconscious* aims to challenge this perspective by adopting an unusual and thought-provoking viewpoint as the one offered by the Italian case from the 1770s to the immediate aftermath of WWI, when Italo Svevo's *La coscienza di Zeno* provides Italy with the first example of a 'psychoanalytic novel'. Italy's vibrant culture of the long nineteenth century, characterised by the sedimentation, circulation, intersection, and synergy of different cultural, philosophical, and literary traditions, proves itself to be a privileged object of inquiry for an archaeological study of the unconscious; a study whose object is not the alleged 'origin' of a pre-made theoretical construct, but rather the stratifications by which that specific construct was assembled. In line with Michel Foucault's *Archéologie du savoir* (1969), this volume will

analyze the formation and the circulation, across different authors and texts, of a network of ideas and discourses on interconnected themes, including dreams, memory, recollection, desire, imagination, fantasy, madness, creativity, inspiration, magnetism, and somnambulism. Alongside questioning pre-given narratives of the 'history of the unconscious', this book will employ the Italian 'difference' as a powerful perspective from whence to address the undeveloped potentialities of the pre-Freudian unconscious, beyond uniquely psychoanalytical viewpoints.

The steel flowers forest-Anthony C. 2019-01-17 A challenge between gods led to the division of the world into two kingdoms, one in the north and the other in the south. In the first, men enjoy absolute freedom while in the latter freedom is restricted. To keep the inhabitants of the two kingdoms divided, a magical forest with metal vegetation has grown between them, while the borders of the two kingdoms are guarded by high walls and protected by the regents, special men whose sole purpose is the defense of the kingdoms from exterior interference. For an inexplicable reason, the forest begins to wilt and thin, exposing the peaceful Kingdom of the South to the attacks from the warlike Kingdom of the North, thus forcing the four regents of the South to leave and penetrate the meanders of the forest in search of ancient relics to save their country. Along the journey, the regents will face a path of challenges against the enemy, but also against themselves. An initiatory journey in which they will discover the true nature of the dispute and the origins of the two kingdoms and the forest, whose roots sink into a past beyond the confines of their world and these pages.

Wild Talents-Charles Fort 2014-01-09 Features an introductory essay by Jack Womack! Welcome to the worlds of Charles Fort, chronicler of the odd, the weird, the strange, the unexpected, and the inexplicable. In words at times as beautiful as anything ever written in English, Fort reveals the marvels of an age, questions the nature of what we think we know for certain, and provides the reader with leads on how not to be fooled by shaggy dog stories. Here you'll find rains of the unexpected, fish, snakes, and other items from the _super-Sargasso seaÓ of the unexplained that circles the Earth. Here are accounts of UFOs, accounts of odd animals seen at sea or on land, mysterious attacks by what appear to have been animals, mysterious appearances of things and people in places they could not be. Here Fort's epic account of spontaneous combustion, lights in the sky, poltergeists, unseen. murderous wild animals, mysterious disappearances, manifestations of psychotic mania, speaking in tongues¾and, of course, the cow that gave birth to two lambs. All of this Fortean wonder is prefaced by a magnificent new introductory essay by Jack Womack, winner of the Philip K. Dick Award and lifetime Fortean. This Ebook is part of the Baen Books Charles Fort Ebook Collection At the publisher's request, this title is sold without DRM (Digital Rights Management).

The Sacred Bones-Michael Byrnes 2009-10-13 At the crossroads of Christian, Islamic, and Jewish faiths, an ancient artifact is stolen from a long-hidden vault located directly beneath Jerusalem's Temple Mount . . . So begins *The Sacred Bones* by Michael Byrnes, a page-turning novel from a new voice on the thriller scene. With the violent theft leaving thirteen Israeli soldiers and policemen dead, and the Palestinians up in arms over the desecration of sacred grounds, the tension between the two groups is dangerously high. Jerusalem is a stick of dynamite and the fuse has been lit. . . . Across the Mediterranean in Italy, American forensic scientist Charlotte Hennesey has been hired by the Vatican to examine the contents of a newly discovered archeological treasure: a two-thousand-year-old ossuary containing the bones of an unidentified, crucified man—the first complete skeleton of a crucifixion victim ever found. Together with Italian anthropologist Giovanni Bersei, Charlotte makes startling forensic and genetic discoveries that lead her to wonder—could these be the bones of Jesus Christ? With the situation in Jerusalem veering out of control and the malevolent eye of Vatican security expert Salvatore Conte watching her every step, Charlotte puts two and two together. She knows that if the mortal remains of Christ are indeed in the burial box, the implications—for history and science, for religion and the Church—are frighteningly vast. And even more immediate is the question of whether the Vatican will allow the information—and Charlotte—to see the light of day. Fast-paced and intelligent, blending historical fact with persuasive fiction, *The Sacred Bones* reads like a CSI episode penned by *The Da Vinci Code* author Dan Brown. From a conspiracy stretching back to the days of the Templar Knights to the shifting alliances of contemporary Middle Eastern politics, *The Sacred Bones* is an addictively compelling thriller that calls into question many of modern religion's deepest-held beliefs about Judaism, Jesus Christ and early Christianity, and Islam . . . with stunning results.

Hinduism and Buddhism-Ananda K. Coomaraswamy 2014-12-02 A highly original discussion of problems of philosophy of religion from the Indian

point of view. The exposition shows that the Christian theologian who will take the trouble to study Indian religion seriously, and not merely "historically," will find in its teachings abundant extrinsic and probable proofs of the truth of Christian doctrine; and may at the same time realize the essential unity of all religions.

Occultism, Witchcraft, and Cultural Fashions-Mircea Eliade 2012-04-02

In the period dominated by the triumphs of scientific rationalism, how do we account for the extraordinary success of such occult movements as astrology or the revival of witchcraft? From his perspective as a historian of religions, the eminent scholar Mircea Eliade shows that such popular trends develop from archaic roots and periodically resurface in certain myths, symbols, and rituals. In six lucid essays collected for this volume, Eliade reveals the profound religious significance that lies at the heart of many contemporary cultural vogues. Since all of the essays except the last were originally delivered as lectures, their introductory character and lively oral style make them particularly accessible to the intelligent nonspecialist. Rather than a popularization, *Occultism, Witchcraft, and Cultural Fashions* is the fulfillment of Eliade's conviction that the history of religions should be read by the widest possible audience.

Key to the Hebrew-Egyptian Mystery in the Source of Measures Originating the British Inch and the Ancient Cubit.-J Ralston Skinner 2018-11-09

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Dracula-Stephanie Spinner 2005-05-24 Having discovered the double identity of the wealthy Transylvanian nobleman, Count Dracula, a small group of people vow to rid the world of the evil vampire.

Logo Mondo-Hitoshi Nagasawa 2007

The Other Side-Alfred Kubin 2000 Alfred Kubin (1877-1959) was one of the major graphic artists of the 20th century who was widely known for his illustrations of writers of the fantastic such as Balzac, E. I. A. Hoffmann, Gustav Meyrink and Edgar Allan Poe. In his combination of the darkly decadent, the fantastic and the grotesque, in his evocations of dream and nightmare, his creation of an atmosphere of mystery and fear he resembles Mervyn Peake. *The Other Side* tells of a dream kingdom which becomes a nightmare, of a journey to Pearl, a mysterious city created deep in Asia, which is also a journey to the depths of the subconscious. Or as Kubin himself called it, 'a sort of Baedeker for those lands which are half known to us'.

Mythistory-Joseph Mali 2003-05 Ever since Herodotus declared in *Histories* that to preserve the memories of the great achievements of the Greeks and other nations he would count on their own stories, historians have debated whether and how they should deal with myth. Most have sided with Thucydides, who denounced myth as "unscientific" and banished it from historiography. In *Mythistory*, Joseph Mali revives this oldest controversy in historiography. Contesting the conventional opposition between myth and history, Mali advocates instead for a historiography that reconciles the two and recognizes the crucial role that myth plays in the construction of personal and communal identities. The task of historiography, he argues, is to illuminate, not eliminate, these fictions by showing how they have passed into and shaped historical reality. Drawing on the works of modern theorists and artists of myth such as Nietzsche and Wittgenstein, Joyce and Eliot, Mali redefines modern historiography and relates it to the older notion and tradition of "mythistory." Tracing the origins and transformations of this historiographical tradition from the ancient world to the modern, Mali shows how Livy and Machiavelli sought to recover true history from uncertain myth-and how Vico and Michelet then reversed this pattern of inquiry, seeking instead to recover a deeper and truer myth from uncertain history. In the heart of *Mythistory*, Mali turns his attention to four thinkers who rediscovered myth in and for modern cultural history: Jacob Burckhardt, Aby Warburg, Ernst Kantorowicz, and Walter

Benjamin. His elaboration of the different biographical and historiographical routes by which all four sought to account for the persistence and significance of myth in Western civilization opens up new perspectives for an alternative intellectual history of modernity-one that may better explain the proliferation of mythic imageries of redemption in our secular, all too secular, times.

The Oxford Handbook of Latin Palaeography-Frank Coulson 2020-10-02

Latin books are among the most numerous surviving artifacts of the Late Antique, Mediaeval, and Renaissance periods in European history; written in a variety of formats and scripts, they preserve the literary, philosophical, scientific, and religious heritage of the West. *The Oxford Handbook of Latin Palaeography* surveys these books, with special emphasis on the variety of scripts in which they were written. Palaeography, in the strictest sense, examines how the changing styles of script and the fluctuating shapes of individual letters allow the date and the place of production of books to be determined. More broadly conceived, palaeography examines the totality of early book production, ownership, dissemination, and use. *The Oxford Handbook of Latin Palaeography* includes essays on major types of script (Uncial, Insular, Beneventan, Visigothic, Gothic, etc.), describing what defines these distinct script types, and outlining when and where they were used. It expands on previous handbooks of the subject by incorporating select essays on less well-studied periods and regions, in particular late mediaeval Eastern Europe. *The Oxford Handbook of Latin Palaeography* is also distinguished from prior handbooks by its extensive focus on codicology and on the cultural settings and contexts of mediaeval books. Essays treat of various important features, formats, styles, and genres of mediaeval books, and of representative mediaeval libraries as intellectual centers. Additional studies explore questions of orality and the written word, the book trade, glossing and glossaries, and manuscript cataloguing. The extensive plates and figures in the volume will provide readers with clear illustrations of the major points, and the succinct bibliographies in each essay will direct them to more detailed works in the field.

A Handbook of Diction for Singers-David Adams 2008-01-28 Now in its second edition, *A Handbook of Diction for Singers* is a complete guide to achieving professional levels of diction in Italian, German, and French, the three major languages of the classical vocal repertory. Written for English-speaking singers and offering thorough, consistent explanations, it is an ideal tool for students and an invaluable reference for voice teachers, vocal coaches, and conductors. The book combines traditional approaches proven successful in the teaching of diction with important new material not readily available elsewhere, presenting the sounds of each language in logical order, along with essential information on matters such as diacritical marks, syllabification, word stress, and effective use of the variety of foreign-language dictionaries. Presented in an attractively concise format, the book goes into greater detail than comparable texts, providing specific information to clarify concepts typically difficult for English-speaking singers. Particular emphasis is placed on the characteristics of vowel length, the sequencing of sounds between words, as well as the differences between spoken and sung sounds in all three languages. Featuring significantly expanded coverage of each of the three languages and illustrated with numerous examples, this second edition of *A Handbook of Diction for Singers* is an exceptional text for courses in diction and a valuable reference source for all vocalists.

Probable Truth-Vincent Gillespie 2013 Editing as an academic mode of work has had a variable 'press' - it is often seen as just plumbing. But without editions no historian of whatever critical persuasion could operate. Texts that are not edited are effectively invisible. The advent of electronic means of text production has also raised new possibilities and new problems that need to be openly considered rather than ignored. The papers in this volume reflect those concerns, and explore the ways forward. How do the best editorial procedures of the past get transmitted to the future? A distinguished line-up of experienced editors and younger scholars actively grappling with these issues reflect on their engagement with the challenges of textual theory and editorial practice. No single solution emerges as applicable to all texts and for all editions; the individual characteristics of each text and its transmission, together with the intended audience of each edition, emerge as primary areas for consideration.

Physiognomy in Profile-Melissa Percival 2005 "Physiognomy in Profile" affirms and assesses Lavater's contribution to European culture in the two hundred years after his death. It examines how Lavater's vision of physiognomy as a viable method of interpreting the modern world has been repeatedly affirmed and challenged. Previous monographs on Lavater have tended to focus on one particular theme, discipline, or historical period, but this study deliberately adopts a cross-disciplinary approach, and covers a

broad historical time frame. Some widely different material is juxtaposed (painting, photography, fiction, journalism, medical texts) in order to explore recurring issues in physiognomical thought." "Essays are arranged in chronological order so that the reader can gain a sense of the shared preoccupations of Lavater's contemporaries and successors. But the book may also be read thematically."--BOOK JACKET.

Federico Fellini-Tullio Kezich 2007-03-06 A lively and authoritative journey into the world of a cinema master With the revolutionary *8 1/2*, Federico Fellini put his deepest desires and anxieties before the lens in 1963, permanently impacting the art of cinema in the process. Now, more than forty years later, film critic and Fellini confidant Tullio Kezich has written the work by which all other biographies of the filmmaker are sure to be measured. In this moving and intimately revealing account of a lifetime spent in pictures, Kezich uses his friendship with Fellini as a means to step outside the frame of myth and anecdote that surrounds him—much, it turns

out, of the director's own making. A great lover of women and a meticulous observer of dreams, Fellini, perhaps more than any other director of the twentieth century, created films that embodied a thoroughly modern sensibility, eschewing traditional narrative along with religious and moral precepts. His is an art of delicate pathos, of episodic films that directly address the intersection of reality, fantasy, and desire that exists as a product of mid-century Italy—a country reeling from a Fascist regime as it struggled with an outmoded Catholic national identity. As Kezich reveals, the dilemmas Fellini presents in his movies reflect not only his personal battles but those of Italian society. The result is a book that explores both the machinations of cinema and the man who most grandly embraced the full spectrum of its possibilities, leaving his indelible mark on it forever.
